

08.31 Welcome Back Juniors! | from Dean Dr. Brian Merry

Hi *Juniors!*

I hope you enjoyed the summer and feel recharged to start the new year. You've made it through the first two years of high school and are now in a position to take leadership roles on campus, so let's set a good example for the other grades and be major contributors to the community!

As we did last year, we will have special schedules the first and second days of school, which you can view through these links: [special schedule on Tuesday 9/5](#) and second [Wednesday 9/6](#). As part of the schedule, we will have a class meeting the first day of school in **Schenck from 1:05 – 1:40**. In the meeting, I'll lay out some of the broad themes of the year, and your advisors and I will roll out our fall trip, which will be **Friday, September 22**. Also of note, most minors and no H&W classes will not be held until Thursday.

I'm looking forward to seeing all of you Tuesday, but in the meantime, have fun on your final days of summer!

Best,
Dr. Merry
