

Early Childhood Phase-in Schedule

We look forward to welcoming you and your children to our early childhood program. Listed below is the phase-in schedule covering the first week of school. Children are scheduled to come in for varying parts in the first week, so please note the times your child is scheduled to be in school. Participation in the phase-in program will help your child become comfortable with the teachers and environment, with their new friends, and with the classroom expectations and activities. Phase-in begins for all preschool and kindergarten students on Tuesday, September 5, and you will receive your group assignment in late August.

The schedule for phase-in is as follows:
